

Health + Housing Hub

SOUTH BRISBANE

A new health and housing hub for our community is coming to South Brisbane in late 2027.

Micah Projects is building a new Health and Housing Hub at 6 Cordelia Street, South Brisbane. **The Hub will be a safe, welcoming place** where people can find health, housing, and support services all in one place.

What will be available?

The Hub will offer a range of **free services**, including:

-  Bulk-billed GP care
-  Women's health
-  Allied health and dental care
-  Mental health support
-  Housing and family support
-  Community support
-  Peer support and wellbeing programs
-  Education and training

Some services will be available when the Hub opens. More services will be added over time.

Why is the Hub important?

Getting help can sometimes be hard. The Hub will bring services together in one place, making it easier to find the right support.

It will be a place where people can:

Access services

Feel welcome

Build connections

Be treated with dignity and respect

We will share updates as the Hub takes shape. To find out more or receive project updates:
